## Step

1

It is helpful to begin with a business plan. A business plan is a blueprint of every aspect of your business. Sales, Marketing, Advertising, Promotion and Location are just some of the aspects of creating a plan. Click on the following link to the [US Small Business Administration](#) to find a tutorial on how to create a business plan.

## Step

2

If you would like help deciding on a location for your business, visit the Websites of California's [Regional Chambers of Commerce](#).

## Step

3

Choose a business structure. Select a business entity type from the following list for a brief overview of the principal types of legal business structures available in California. A legal representative and accountant should be consulted before making a determination as to the type of business entity to form.
